My staff and I often go to a very noisy Japanese restaurant where a lot of people take their children. There are TVs at each table. If you go there on Sunday nights at 7:30, you'll see the children staring at the TV screens with their mouths wide open, looking silly.

They're watching *One Piece.*

When I see that, I never want to let them down.

-Eiichiro Oda, 2001

Eiichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

Monkey D. Luffy started out as just a kid with a dream—and that dream was to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea and recruited some crewmates: master swordsman Zolo, treasure-hunting thief Nami, lying sharpshooter Usopp, and Sanji, the high-kicking chef.

Having reached the Grand Line, Luffy and crew promise to take Princess Vivi to Alabasta in order to prevent Baroque Works from taking it over. But after a fierce battle on the island of Little Garden, Nami suddenly comes down with a high fever. In search of a doctor, the crew arrives at Drum Island where they encounter Chopper, a blue-nosed reindeer that walks on two legs and even talks! Fascinated by this living marvel, Luffy tries to recruit him as one of the crew. Meanwhile, Wapol, the former king of Drum Island with a very unusual appetite, has returned to reclaim his throne and his castle—and only the Straw Hat pirates stand in his way!
